

A photograph of a desert landscape. In the foreground, there is a sandy dune with sparse, dry vegetation. To the right, a large, green, spiky cactus stands prominently. In the middle ground, a wide, flat desert floor is covered with low-lying green and yellow shrubs. In the background, a large, flat-topped butte rises against a clear blue sky. A faint rainbow is visible in the sky, arching over the butte. The overall scene is bright and clear, suggesting a sunny day.
