STEP 1 Complete the foster/FWITA application, located under the "Adoption Info" tab on our website at golden-retriever.org. Either submit it online, or print it out and mail it in.

STEP 2 A local volunteer will contact you to schedule a home visit to discuss the process and gather specifics about the type of Golden you are interested in.

STEP 3 If approved, you will receive a welcome letter and Foster Manual via email.

STEP 4 When you are matched with a dog, a volunteer from the Placement Team will contact you with a full description of the Golden. We cannot guarantee that you will be matched within a particular time frame.

STEP 5 If you accept the dog, a volunteer from the Transport Team will bring the Golden to your home. You will be considered a FWITA (foster with intent to adopt). The adoption contract is signed at this point, and the adoption payment is collected.

STEP 6 Within the first 48 hours, you will be contacted by a member of the Follow Up team for an update on the dog, and also by a member of the Vet Care Team. Behavior, medical concerns, and other issues will be addressed.

STEP 7 After the dog has been medically cleared and you have evaluated the Golden's adjustment to your home for approximately 3 weeks, you will be able to finalize the adoption of the dog.

STEP 8 **Enjoy the lifelong love from your rescued Golden Retriever.**
