

## **Rattlesnake Avoidance Training**

**Time is here again**

**April 9th at 5:00pm at the Campbell's ranch near 77 Ave and Pinnacle Peak**

**The investment is \$100 per dog**

**4k9solutions.com with Jay Smith will have a 10 dog minimum Rattle Snake Avoidance Training**

**We train with live defanged and tethered Rattlesnakes**

**I have been working with bird dogs from the age of fifteen and this is by far the safest and closest to the real thing that you and your dog will ever encounter without being bit! We train by scent, sight and then the sound of the rattler often turning your dog into an early warning indicator if a Rattlesnake is nearby. But most importantly, it will possibly save your dog's life.**

**Contact Ken for the directions and to reserve your spot and go to [www.4k9training.com](http://www.4k9training.com) to see previous training videos!**

**602-618-0446**

**83rd Ave to Pinnacle Peak east on Pinnacle Peak to 77th Ave. North on 77th to security gate and go all of the way to the Cattle guard and go right to the ranch house.**
